January 2011 Edition

Cobb Photographic Society (CPS) has started 2011 with a strong showing of the members at the 03 January meeting. The meeting was very well attended and the number of entries was overwhelming. This made for an unusually long meeting. We thank our judge Tom Vadnais for providing succinct but useful comments on each photograph and all the members who stayed for the entire duration. Winners are listed elsewhere in this issue.

The first field trip of the year is upon us. This Saturday we will go to the Booth Museum and practice architectural photography. You should have received e-mails on this event. If you do not find it in your inbox, please check with Annalena Burbridge.

Another activity, first for the CPS in over a decade, is the exhibit at the Smyrna Library in 01 March – 30 April. This is a great chance for us to showcase our members' talent. Please be on the lookout for a detailed announcement.

I hope this issue of The Contact Sheet serves as a handy reference. Always check the web site for details and last minute updates.
