

# Cobb Photo Society's Mentor Workshop Series

## *Digital Workflow – Lightroom to Photoshop (or Elements)*

presented by Don Grider

Tuesday & Thursday, February 2 & 4, 2016  
Tuesday & Thursday, February 9 & 11, 2016  
Tuesday & Thursday, February 16 & 18, 2016  
7:00- 9:00 pm each evening

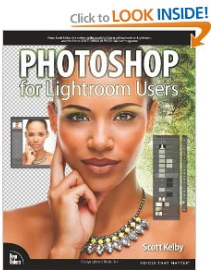

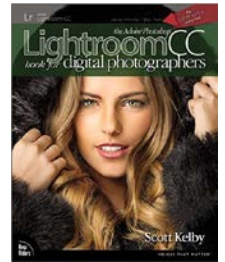

Right in the Community, 1830 Water Place Suite 120, Atlanta, GA 30339

This class is designed for beginning and intermediate Lightroom and Photoshop (or Photoshop Elements) users. Participants should have Adobe Lightroom Version 6 or CC, and some version of Photoshop or Elements installed on their computer. I also recommend (not require) the following two books:

[The Adobe Photoshop Lightroom CC book for Digital Photographers](#) and [Photoshop for Lightroom Users](#)

Both books are by Scott Kelby and are available from Amazon and Barnes & Noble in either hard copy or digital reader versions. (click the book titles above to go to the Amazon Link.)

The class will cover setting up your computer for Lightroom with all the preferences, getting your pictures into the Library and organizing them, editing your pictures, and printing, web galleries and slideshows. The primary emphasis will be on specific editing practices. We will then go into Photoshop or Elements and third party plug-ins to do things Lightroom can't do. You should have access to a computer for the period of the class with both programs installed. You may bring a laptop to class if you'd like, but it's not mandatory.

If you currently don't have Lightroom or Photoshop, you can download the **FREE** trial versions at <http://www.adobe.com/downloads.html>, then **click Try just** before class starts and use it the entire time. Call Don for details at 770-924-6228.

Class is **\$40 for Cobb Photo Members** and \$65 for non members. Class is limited to 15 students.

**You must pay and pre-register. Class size is limited to the first 15 people with \$40.**

**Please send your check for \$40 made out to CPS. You may also pay online with Paypal.**
